# END OF YEAR craft

This craft is the perfect way to celebrate the end of the year and reflect on past experiences. Have your students write about all the things they loved about first grade in the heart. This craft makes a cute bulletin board!

# LET'S GET CRAFTY!

## Materials:

- End of the Year templates
- writing utensils
- crayons
- cardstock or construction paper
- glue stick

## Directions:

This is a pretty straight-forward art project. I like to prepare most of the materials for my students, but it is up to you. You can either have them color their own pieces or you can print each piece on any color of construction paper/cardstock. Your students can personalize them however they'd like. See examples above. I highly recommend using glue sticks, rather than glue bottles.

**Note:** The writing activity gets glued on top of the heart, and the hands get glued on top of the writing activity.

# WHAT I LOVED IN 1<sup>ST</sup> GRADE

Write all of the things you love about first grade below. Then, choose 4 or 5 to put on your heart.

A large, empty rectangular box with a decorative border, intended for writing. The box has a slightly irregular, hand-drawn appearance with small tabs at the corners, suggesting it might be a page from a notebook or a scroll. The border is simple and clean, with a few small decorative elements at the corners.

# Hair for Boys

Print on colored cardstock or have your students color their hair. Hair gets glued to head.
